## **Description of the Separation**

On December 31, 2001, USX Corporation separated its businesses into two independent publicly traded companies (the “Separation”) and changed its name to Marathon Oil Corporation (“Marathon”). Prior to the Separation, Marathon had two classes of “targeted” stock outstanding—U. S. Steel Group common stock, intended to reflect the performance of the U. S. Steel Group, and Marathon Group common stock (“Marathon Group Common Stock”), intended to reflect the performance of the Marathon Group, its energy business. As a result of the Separation, the business of the U. S. Steel Group is now owned and operated by United States Steel Corporation, a Delaware corporation, which is an independent publicly traded company.

## **The Company**

Marathon is engaged in the worldwide exploration and production of crude oil and natural gas. Marathon is also engaged in the domestic refining, marketing and transportation of petroleum products primarily through Marathon Ashland Petroleum LLC, owned sixty two percent by Marathon, and other energy related businesses. Marathon’s principal executive office is located at 5555 San Felipe Road, Houston, TX 77056-2723, and its telephone number is (713) 629-6600.

## **Administrator of The Plan**

Marathon has engaged National City Bank to administer the Plan, keep records, send statements of account to you and perform other duties related to the Plan. National City Bank will register and hold shares purchased for you through the Plan or deposited by you for safekeeping in the Plan (collectively “Plan Shares”) in the name of National City Bank or its nominee until a written request is received from you for the sale of or issuance of certificates for all or part of your Plan Shares. National City Bank also acts as dividend disbursing and transfer agent for the Marathon common stock. Marathon may appoint a different administrator for the Plan at any time. National City or any successor administrator is referred to as the “Administrator.”

## **The Plan**

The following prospectus describes and constitutes the Plan, as in effect beginning after the Separation.

## Enrollment

The following table explains how to enroll in the Plan:

- **Current Participants in the Plan**

If you are currently enrolled in the Plan, **no action is required unless you want to make a change in your election.**
- **If you do not own any Marathon Common Stock**

You can join the Plan by making an initial investment of at least \$500 (maximum is \$10,000) and returning a completed authorization form along with your check or money order payable to “National City Bank—Marathon” to:

National City Bank  
Reinvestment Services, Locator 5352  
P.O. Box 94946  
Cleveland, OH 44101-4946

A \$10 enrollment fee will be deducted from your initial investment. Please allow two weeks for your account to be established, initial shares to be purchased and a statement to be mailed to you. No interest will be paid on amounts held pending investment.
- **If you own Marathon Common Stock**

You can join the Plan by returning a completed authorization form to National City Bank. (No enrollment fee required.)
- **If your shares are held in a brokerage, bank or other intermediary account**

To participate in the Plan, regarding optional cash purchases only, you should direct your broker, bank or trustee to return a completed broker or nominee form to National City Bank. (No enrollment fee required.) A copy of this form can be obtained by calling the Plan Administrator at (888) 843-5542. With respect to the reinvestment of dividends, see your broker, bank or trustee.

## Investment Options and Limitations

Once enrolled in the Plan, you have the following investment options:

### ● Dividend Reinvestment

When completing the Dividend Reinvestment section of the authorization form, **you must choose one of the following:**

**Full Dividend Reinvestment.** Purchase shares of Marathon common stock with all of your cash dividends. The dividends on all of your shares held in the Plan will also be reinvested in shares of Marathon common stock. Additional shares may also be purchased with optional cash.

**Part Cash—Part Dividend Reinvestment.** Receive a cash dividend payment based on the number of full shares you specify. This option allows you to receive a fixed amount of cash each quarter, assuming the dividend is paid and stays the same. The balance of your dividends will be used to purchase shares of Marathon common stock.

You can have your cash dividends deposited directly into your bank account instead of receiving a check by mail. Just complete the appropriate sections of the Direct Deposit Form from the Administrator. You can also change your designated bank account for direct deposit with the same form. The forms will be acted upon as soon as possible after they are received, and you can discontinue this feature by notifying the Administrator in writing.

You can change your dividend reinvestment election at any time by notifying the Administrator.

### ● Optional Cash Investments Only

You can purchase additional shares of Marathon common stock by using the Plan's optional cash investment feature regardless of whether dividends are reinvested. Dividends will be automatically reinvested on those shares retained in the Plan. You can invest at least \$50 at any one time up to a maximum of \$10,000 in any month unless the limit is waived by Marathon. **Interest will not be paid on amounts held by us pending investment.**

- **By Automatic Withdrawal from Your Bank Account.** If you wish to make regular monthly purchases, you can authorize an automatic monthly withdrawal from your bank account by completing the reverse side of the authorization form. This feature enables you to make ongoing investments without writing a check. Funds will be deducted from your bank account on the second Friday of each month and invested on the last Friday of the month. If either date falls on a bank holiday, funds will be deducted or invested on the next business day. Please allow up to six weeks for the first automatic monthly withdrawal to be initiated. You must notify the Administrator in writing to change or terminate automatic withdrawal.
- **By Check or Money Order.** You can make optional cash investments by sending a check or money order payable to National City Bank—Marathon. **Do not send cash.**

To facilitate processing of your investment, please use the transaction stub located at the bottom of your quarterly statement. Mail your check and transaction stub to the address specified on the

statement. Since funds will normally be invested on Friday of each week, funds from checks received after 2:00 p.m. on Thursday will be invested on Friday of the following week. A \$25 fee may be assessed for a check that is returned for insufficient funds.

IF YOU RETURN AN AUTHORIZATION FORM BUT MAKE NO SELECTION, YOU WILL BE ENROLLED AS HAVING SELECTED FULL DIVIDEND REINVESTMENT. In all cases, cash dividends on all Plan Shares will be reinvested in accordance with the Plan, including cash dividends on such shares purchased with optional cash payments.

● **Limitations on Purchases**

- Optional and Initial Cash Investments
  - at least \$500 initial cash investment
  - at least \$50 optional cash investment at any one time
  - no more than \$10,000 in any one month
- Dividend Reinvestments
  - up to \$35,000 per dividend payment
- All limitations may be waived by the Company upon written request

● **Aggregation of Accounts for Purpose of Limitations**

For the purpose of the above limitations (“Plan Limits”), Marathon may aggregate all reinvested dividends and optional and initial cash payments for participants with more than one account using the same Social Security Number or Taxpayer Identification Number. For participants unable to supply a Social Security Number or Taxpayer Identification Number, their participation may be limited by Marathon to only one Plan account.

Also for the purpose of such Plan Limits, all Plan accounts which Marathon believes to be under common control or management or to have common ultimate beneficial ownership may be aggregated. Unless Marathon has determined that reinvestment of dividends and investment of optional cash payments for each such account would be consistent with the purposes of the Plan, Marathon will have the right to aggregate all such accounts and to return, without interest, within 30 days of receipt, any amounts in excess of the investment limitations applicable to a single account received in respect of all such accounts.

● **Waiver of Limitations**

Initial cash payments and optional cash payments in excess of \$10,000 per month may be made only pursuant to a written Waiver of Limitation by Marathon for the total amount submitted. A copy of such written approval must accompany any cash payment to which this limitation applies.

Requests for waiver of the \$35,000 limitation on reinvestment of dividends and other questions concerning waivers should be directed to Marathon’s Corporate Finance Department at (866) 864-4611. It is solely within Marathon’s discretion as to whether any waiver of the allowable maximum amounts will be granted.

In deciding whether to approve a request, Marathon will consider relevant factors including, but not limited to, Marathon's need for additional funds, the attractiveness of obtaining such additional funds by the sale of Marathon common stock by comparison to other sources of funds, the applicable purchase price, the participant submitting the request, the extent and nature of such participant's prior participation in the Plan, the number of shares of Marathon common stock held of record by such participant and the aggregate amount of such dividends and initial or optional cash payments in excess of the allowable maximum amounts for which requests have been submitted by all participants. See also "Plan of Distribution" on page 14.

If requests are submitted for any Investment Date (see "Purchase of Shares for the Plan—Purchases Exceeding Plan Limits—Discount in Effect" on page 9 for a discussion of the Investment Date) for an aggregate amount in excess of the amount Marathon is then willing to accept, Marathon may honor such requests in order of receipt, pro rata or by any other method which Marathon determines to be appropriate.

## **Purchase of Shares for the Plan**

The following discussion pertains to

- (a) all purchases within Plan Limits and
- (b) all purchases in excess of Plan Limits when no Discount (as defined below) is in effect.

### ● **Purchase Intervals**

The Administrator will use initial and optional cash investments to purchase shares of Marathon common stock as promptly as practicable, normally once each week. To the extent dividends are declared, the Administrator will use reinvested dividends to purchase shares on the quarterly dividend payment date, or, if the quarterly dividend payment date is not a Trading Day (as defined on page 9 in "— Purchases Exceeding Plan Limits — Discount in Effect"), on the first Trading Day following the quarterly dividend payment date. Purchases may be made over a number of days to meet the requirements of the Plan.

### ● **Source and Pricing of Shares**

**Source of Shares.** Stock needed to meet the requirements of the Plan will either be purchased in the open market or issued directly by Marathon.

**Price of Shares Purchased in the Open Markets.** If the shares are purchased in the open market, your price per share will be the weighted average price of shares purchased on that day. If purchased in the open market, the Administrator will purchase shares for the Plan on any securities exchange where Marathon common stock is traded, in the over-the-counter market or in privately negotiated transactions.

Trading fees incurred by the Plan for purchases will be paid by Marathon and will be reported to you as taxable income on Form 1099-DIV. All computations of shares are calculated to three decimals and fractional shares are credited to your account.

**Price of Shares Purchased from Marathon.** If the shares are purchased from Marathon, your price per share will be the average of the daily high and low sale prices quoted on the New York Stock Exchange for the day the shares are purchased.

If there is no trading of Marathon common stock on the NYSE on the day the price is to be determined, the price per share will be determined by Marathon on the basis of such market quotations as it considers appropriate.

Because Marathon may periodically change between the above methods for purchasing shares, there can be no assurance that the method for determining your price per share will not change. To obtain the current method, please call Marathon's Corporate Finance Department at (866) 864-4611.

**Discount.** The Plan contemplates that shares purchased under the Plan with reinvested dividends as well as optional cash purchases of up to \$10,000 may, in the sole discretion of Marathon, be subject to a discount of 0 to 3% ("Discount"). The Discount will be established in Marathon's sole discretion after a review of current market conditions, the level of participation and current and projected capital needs. The Discount will apply to initial and optional cash investments and the reinvestment of dividends. The Discount will be subtracted from the purchase price of shares purchased for the Plan for the relevant month. **There is no discount in effect as of the date of this prospectus.** Notice will be given to Participants or a public announcement will be made upon implementation of any Discount.

#### **PURCHASES EXCEEDING PLAN LIMITS—Discount in Effect**

The following discussion pertains only to purchases for which a Waiver of Limitation has been obtained when a Discount is in effect. The terms set forth below will apply to the full amount for which a waiver has been obtained. For example, if a waiver is obtained to make an optional cash purchase of \$15,000, \$5,000 over the limit, the full \$15,000 will be subject to these terms.

For a list of important dates with respect to purchases exceeding Plan limits when a Discount is in effect, see Schedule I on page S-1. Schedule I is only a guide. Actual dates may be obtained by calling Marathon's Corporate Finance Department at (866) 864-4611.

#### ● **Purchase Intervals**

The Administrator will use initial and optional cash investments for which a waiver has been obtained to purchase shares of Marathon common stock once each month. To the extent dividends are declared, the Administrator will use reinvested dividends to purchase shares on a quarterly basis.

#### ● **Source and Pricing of Shares**

**Source of Shares.** Stock required to meet the requirements of the Plan when a Discount is in effect will be issued directly by Marathon.

**Price of Shares.** Your price per share will be the average of the daily high and low sales prices of Marathon common stock on the New York Stock Exchange for the twelve Trading Days immediately preceding the relevant Investment Date less the Discount.

**See Schedule I for a list of relevant dates.**

- A “Trading Day” means a day on which trades of the Marathon common stock are reported on the New York Stock Exchange.
  - The twelve Trading Days immediately preceding the relevant Investment Date is the relevant “Pricing Period.”
- **Timing.** Shares purchased from Marathon will be purchased on the Investment Date which is on or about the tenth of each month.

**In order for such funds to be invested on the next Investment Date, National City Bank must be in receipt of funds on or before the business day immediately preceding the first day of the related Pricing Period. National City Bank will hold until the following Investment Date, without interest, any payments received after the close of business on the business day immediately preceding the first day of the Pricing Period and before the related Investment Date.**

● **Threshold Price Limit**

With respect to these purchases, Marathon will establish for each Pricing Period a minimum price (the “Threshold Price”) applicable to the purchase of newly issued shares of Marathon common stock.

The Threshold Price will be established by Marathon two business days prior to the Record Date at Marathon’s sole discretion after a review of current market conditions and other relevant factors. It will be a stated dollar amount that the average of the high and low sale prices on the NYSE Composite for a Trading Day of the Pricing Period must equal or exceed.

In the event that the Threshold Price is not satisfied for a Trading Day of the Pricing Period, then that Trading Day and the trading prices for that day will be excluded from the Pricing Period and the determination of the Purchase Price. A day will also be excluded from the Pricing Period and the determination of the Purchase Price if there are no trades of Marathon common stock reported on the NYSE for such day. For example, if the Threshold Price is not satisfied for three of the twelve Trading Days, then the Purchase Price will be based upon the remaining nine Trading Days for which the Threshold Price was satisfied.

Each Trading Day of a Pricing Period for which the Threshold Price is not satisfied or each day for which there are no trades of Marathon common stock reported on the NYSE will cause the return of a portion of your initial or optional cash payment. The returned amount will equal one-twelfth of the total amount of the initial or optional cash payments over the monthly maximum and for which the relevant Waiver of Limitation was received for each Trading Day that the Threshold Price is not satisfied or for each day no such sales are reported. For example, if the Threshold Price is not satisfied or no such sales are reported for three Trading Days, 3/12 (or 25%) of your initial or optional cash payments over the monthly maximum and for which the relevant Waiver of Limitation was received will be returned without interest to you.

## ***Control Over Purchases***

Unless otherwise provided herein, Marathon decides whether purchases are to be made in the open market or from Marathon and engages a bank or other agent for purposes of making open market purchases. Neither Marathon nor any participant in the Plan has the authority or power to control either the timing or pricing of shares purchased in the open market.

If you send in an initial or optional cash investment, it is possible that the market price of Marathon common stock could go up or down before your funds are used to purchase stock. Further, Marathon may change the method of stock purchase (purchase in the open market or from Marathon) at any time within any three month period. Therefore, you will not be able to precisely time your purchases through the plan and will bear the market risk associated with fluctuations in the price of Marathon common stock.

In addition, you will not earn interest on initial or optional cash investments for the period before the shares are purchased.

## ***Sale of Shares for the Plan***

### **Timing and Control**

You can sell any number of shares held in your Plan account by notifying the Administrator. The Administrator will endeavor to arrange sales weekly on Friday, provided that it has been advised in writing of such sale no later than the preceding day. The sale price will be the weighted average price of all shares sold on that sale date for Plan participants. You will receive the proceeds of the sale less any broker commissions and a \$10.00 sale fee, and any required tax withholdings.

You will not be able to precisely time your sales through the plan and will bear the market risk associated with fluctuation in the price of Marathon common stock. That is, if you send in a request to sell shares, it is possible that the market price of Marathon common stock could go down or up before your shares are sold. In addition, you will not earn interest on a sales transaction.

You can choose to sell your shares through a stockbroker of your choice, in which case you should request a certificate for your shares from the Administrator. Allow two weeks for delivery of the certificate. (See “Issuance of Certificates” on page 11.)

## ***Safekeeping of Your Stock Certificates and Book Entry***

Any Marathon common stockholder may use the Plan’s “safekeeping” service to deposit Marathon common stock certificates at no cost. Safekeeping is beneficial because you no longer bear the risk and cost associated with the loss, theft, or destruction of stock certificates.

With safekeeping, all of your dividends are reinvested. You may also take advantage of the sale of shares feature of the Plan. Certificates will be issued upon request. (See “Issuance of Certificates” on page 11.)

To use the safekeeping service, send your certificates to the Administrator by registered mail with written instructions to deposit them for safekeeping. The shares should be insured for approximately 2% of the value of the shares. Do not endorse the certificates or complete the assignment section. The address of the Administrator is on the inside back cover of this prospectus.

Shares of Marathon common stock that you buy under the Plan will be maintained in your Plan account for safekeeping. You will receive a statement detailing the status of your holding each time there is a transaction in your account.

### ***Gifts, Transfers and Pledges of Shares***

You can give or transfer shares of Marathon common stock to anyone you choose by:

- Making an initial \$500 cash investment to establish an account in the recipient's name; or
- Submitting an optional cash investment on behalf of an existing stockholder in the Plan in an amount not less than \$50 nor more than \$10,000; or
- Transferring shares from your account to the recipient (minimum of five shares to new accounts).

You may transfer shares to new or existing stockholders. The Administrator will automatically place such new accounts in full dividend reinvestment status. New participants, at their discretion, may elect another investment option by returning a completed authorization form to the Administrator. If you participate in dividend reinvestment and your request to either (a) transfer all of your shares or (b) make a partial sale and transfer the balance of your shares between the ex-dividend and the dividend record date, the processing of your request may be held until after your account is credited with reinvested dividends. This holding period could be as long as four weeks.

To transfer shares, you must have your signature guaranteed by a financial institution participating in the Medallion Guarantee Program (generally a broker or a bank). The Medallion Guarantee Program ensures that the individual signing the certificate or stock power is in fact the registered owner.

Plan shares may not be pledged and any such purported pledge shall be void. If you want to pledge your shares, you must first withdraw them from your Plan Account.

If you need additional assistance, please call the Administrator at (888) 843-5542.

### ***Issuance of Certificates***

You can withdraw all or some of the shares from your Plan account by notifying the Administrator.

Certificates will be issued for whole shares only. In the event your request is for discontinuation of reinvestment and involves a fractional share, a check (less any applicable fees) for the value of the fractional share will be mailed to you. You should receive your certificate within two weeks

of your request. Dividends will continue to be reinvested in Marathon common stock unless the Administrator is specifically advised to discontinue reinvestment.

Certificates will be issued in the name(s) in which the account is registered, unless otherwise instructed. If the certificate is to be issued in a name other than your Plan account registration name, the signature on the instructions or stock power authorizing the issuance must be guaranteed by a financial institution participating in the Medallion Guarantee Program, as described above.

The applicable fees will be deducted from either the investment or proceeds from a sale.

### **Tracking Your Investments**

The Administrator will mail you a quarterly statement showing all transactions (shares, amounts invested, purchase prices) for your account including year-to-date and other account information. Supplemental statements or notices will be sent when you make an initial or optional cash investment or a deposit, transfer or withdrawal of shares.

**Please retain your statements to establish the cost basis of shares purchased under the plan for income tax and other purposes and to avoid account research fees.**

You should notify the Administrator promptly of any change in address since all notices, statements and reports will be mailed to your address of record.

### **U.S. Federal Income Tax Information**

Cash dividends reinvested under the Plan will be taxable as having been received by you even though you have not actually received them in cash. You will receive an annual statement from the Administrator indicating the amount of reinvested dividends reported to the U. S. Internal Revenue Service as dividend income. The statement will also reflect any commissions paid by Marathon on your behalf for purchases of shares.

You will not realize gain or loss for U. S. Federal income tax purposes upon deposit of shares into the Plan or the withdrawal of whole shares from the Plan. You will, however, generally realize gain or loss upon the sale of shares (including the receipt of cash for fractional shares) held in the Plan.

Plan participants who are non-resident aliens or non-U. S. corporations, partnerships or other entities generally are subject to a withholding tax on dividends paid on shares held in the Plan. The Administrator is required to withhold from dividends paid the appropriate amount determined in accordance with U. S. Treasury regulations. Any applicable withholding tax may be determined by treaty between the U. S. and the country in which such participant resides. Accordingly, the amount of any dividends, net of the applicable withholding tax, will be credited to participant Plan accounts for the investment in additional common stock.

The above summary is not a comprehensive summary of all of the tax considerations that may be relevant to a participant in the Plan. Therefore, you are urged to consult your tax advisors regarding the consequences of participation in the Plan.

## **Miscellaneous**

### ● **Voting of Proxies**

The Administrator will mail you proxy materials including a proxy card representing both the shares for which you hold certificates and the shares in your Plan account. Your shares will be voted as indicated by you. If you do not return the proxy card or if you return it unsigned, none of your shares will be voted.

### ● **Responsibility of Marathon and The Administrator**

Neither Marathon nor the Administrator nor any agent will be liable for any act they do in good faith or for any good faith omission to act. This includes, without limitation, any claims of liability:

- for failure to terminate your account upon your death prior to receiving written notice of such death; or
- relating to purchases or sales prices reflected in your Plan account or the dates of purchases or sales of your Plan shares; or
- for any fluctuation in the market value after purchase or sale of shares.

Neither Marathon nor the Administrator can assure you a profit or protect you against a loss on the shares you purchase under the Plan.

### ● **Plan Modification or Termination**

**Marathon reserves the right to suspend, modify or terminate the Plan at any time.** You will receive notice of any such suspension, modification or termination. Marathon and any other Administrator also reserve the right to change any and all administrative procedures and costs associated with the Plan.

### ● **Change of Eligibility or Termination**

You will remain a participant of the Plan until you withdraw from the Plan or the Plan is terminated. Marathon reserves the right to deny, suspend or terminate participation by a stockholder who is using the Plan for purposes inconsistent with the intended purpose of the Plan. In such event, the Administrator will notify you in writing and will continue to safekeep your shares but will no longer accept optional cash investments or reinvest your dividends. The Administrator will issue a certificate to you upon written request.

### ● **Foreign Participation**

If you live outside of the U. S., you should first determine if there are any laws or governmental regulations that would prohibit your participation in the Plan. Marathon reserves the right to terminate participation of any stockholder if it deems it advisable under any foreign laws or regulations.

### ● **Interpretation**

Marathon may adopt rules and regulations to facilitate the administration of the Plan. Any question of interpretation under the Plan will be determined by Marathon and any such determination will be final.

The Plan, all related forms and your account shall be governed by and construed in accordance with the laws of the Commonwealth of Pennsylvania and cannot be modified orally.

## ***Use of Proceeds***

We will receive proceeds from the purchase of our common stock pursuant to the Plan only to the extent that those purchases are of newly issued shares of our common stock made directly from us, and not from open market purchases. Any proceeds that we receive from purchases of newly issued shares will be used for general corporate purposes, which may include funding working capital requirements, acquisitions and other capital expenditures, repayment and refinancing of indebtedness and repurchases and redemptions of securities. Pending any specific application, we may initially invest those funds in short-term marketable securities or apply them to the reduction of short-term indebtedness.

## ***Plan of Distribution***

In connection with the administration of the Plan, we may be requested to approve investments made pursuant to requests for waiver by or on behalf of participants or other investors who may be engaged in the securities business.

Persons who acquire shares of common stock through the Plan and resell them shortly after acquiring them, including coverage of short positions, under certain circumstances, may be participating in a distribution of securities that would require compliance with Regulation M under the Securities Exchange Act of 1934 and may be considered to be underwriters within the meaning of the Securities Act of 1933. We will not extend to any such person any rights or

privileges other than those to which it would be entitled as a participant, nor will we enter into any agreement with any such person regarding the resale or distribution by any such person of shares of our common stock so purchased. We may, however, accept investments made pursuant to requests for waiver by such persons.

From time to time, financial intermediaries, including brokers and dealers, and other persons may engage in positioning transactions in order to benefit from any waiver discounts applicable to investments made pursuant to requests for waiver under the Plan. Those transactions may cause fluctuations in the trading volume of our common stock. Financial intermediaries and such other persons who engage in positioning transactions may be deemed to be underwriters. We have no arrangements or understandings, formal or informal, with any person relating to the sale of shares of our common stock to be received under the Plan. We reserve the right to modify, suspend or terminate participation in the Plan by otherwise eligible persons to eliminate practices that are inconsistent with the purpose of the Plan.

Our common stock may not be available under the Plan in all states. We are not making an offer to sell our common stock in any state where the offer or sale is not permitted.
